

May 16, 2021

This week we move into Phase 4 of our COVID protocols. We continue to recommend masking for those who are not vaccinated, but our worship services and other activities at the church are now mask-optional. The fellowship hall on Sunday morning will continue to be a mask-required, socially distanced space. Thank you for your prayers and encouragement through this hard season. Praise God for getting back to some kind of NORMAL!

Please connect with Bill or any of the elders about particular concerns or prayer requests you may have.

“Now hope does not disappoint, because the love of God has been poured out in our hearts by the Holy Spirit [which] was given to us.” Romans 5:5

For the Session,
Jay

SEPC Phase 4 COVID-19 Protocols

- Activities at SEPC, inside and outside, are mask-optional. We continue to recommend wearing masks for those who are not vaccinated or immunocompromised.
- We will continue to cordon off every other pew to encourage people to remain distanced, and we will be allowing a maximum of 80 people in the sanctuary.
- If you have tested positive for COVID, are running a temperature, have any other symptoms of illness, or believe you may have recently been exposed, please do not attend in person.
- The fellowship hall--where the service will be streamed and shown on a projector--remains socially distanced and masked.
- If you continue to have personal reservations about attending in person, staying home and participating via the streaming service remains an option. Please feel free to talk to Bill or a Session member about this.
- The Nursery is open and available to all children under age 3
- The church is open during the week and accessible for committee meetings and other gatherings. Please mask and socially distance as you deem appropriate.
